

Kelly Redmond

Brief Bio

Kelly T. Redmond was born in Wausau Wisconsin, raised in southwest Montana, received a B.S. degree in Physics from the Massachusetts Institute of Technology (1974), and M.S. (1977) and Ph.D. (1982) degrees in Meteorology from the University of Wisconsin in Madison. He worked in the Atmospheric Sciences Department at Oregon State University from 1982-1989, the last six years as State Climatologist for Oregon, and served as President of the American Association of State Climatologists in 1989-90. In 2008 Dr. Redmond received the Applied Climatology Award from the American Meteorological Society. Since 1989 he has been the Regional Climatologist at the Western Regional Climate Center located at the Desert Research Institute in Reno, and is also deputy Director. His research and professional interests span every facet of climate and climate behavior, its physical causes and variability, how climate interacts with other human and natural processes, and how such information is acquired, used, communicated, and perceived.
