INSURANCES

DRI offers its eligible employees to participate in the State of Nevada Self-Funded Consumer Driven High Deductible PPO Plan or two HMO Plans. Coverage is effective on the first day of the month that coincides with or immediately follows the date of employment. Employees who would like to provide health, vision and dental coverage for their uncovered spouse (includes same-sex marriage), domestic partner and/or dependents, may pay the additional premium through our payroll deduction plan. The cost of dependent coverage will vary, depending on which health insurance plan is selected and which family member(s) the employee chooses to cover.

The Group Insurance Plan includes the following:

- Health Care: Employees may select the State’s Self-Funded Plan (Consumer Driven High Deductible) or an HMO Plan
- Dental Care
- Vision Care
- $25,000 life insurance policy (employee only)
- Long-term disability income protection insurance

LEAVE BENEFITS

- Annual Leave: Postdoctoral Fellows earn annual (vacation) leave at the rate of 1.25 days per month based on 100% FTE. For anyone on a reduced contract, leave is pro-rated to the percentage of their employment contract. Annual leave may be accumulated up to a maximum of 30 work days at the end of each fiscal year. Earned annual leave shall be taken at a time approved or directed by the supervisor. Postdoctoral Fellows may be paid for up to 30 days of unused annual leave upon termination of employment (BOR Title 4, Chapter 7).

- Sick Leave: On the date of hire, Postdoctoral Fellows receive 15 days of sick leave (pro-rated for FTE), for use during the first year of employment. Beginning with the second year of employment, sick leave accrues at the rate of 1.25 days per month (pro-rated for part-time employees) to add to any remaining balance of unused sick leave from the first 12 months of service. Part time Postdoctoral Fellows shall be granted a pro-rata amount of sick leave. Sick leave may be accrued from year to year, not to exceed 30 work days at the end of each fiscal year. Postdoctoral Fellows shall not be paid for any unused sick leave upon termination of employment. (BOR, Title 4, Chapter 7).

RETIREMENT PLAN FOR POSTDOCTORAL FELLOWS

The Board of Regents approved a mandatory Nevada System of Higher Education (NSHE) retirement plan for Postdoctoral Fellows. The Employer and Employee will both contribute approximately 6.2% of gross pay into approved funds. The faculty member determines how s/he wants the total amount of both the employee’s and the employer’s contributions distributed to the mandatory RPA after selecting one or several investment options. The RPA will consist of a four-tiered investment line-up focused on a set of funds with a broad range of investment choices. This tiered line-up will also include a fourth tier which will be a self-directed Mutual Fund Brokerage Account. TIAA is the sole administrative service (record keeper) provider who will host the investment line-up and provide ways to manage your contributions. If you have previously participated in Social Security you may be affected by the Windfall Elimination Provision 2010. Information is available on the following website: http://ssa.gov/pubs/10045.html
SUPPLEMENTAL RETIREMENT PROGRAMS

Tax Sheltered Annuity (403 (b))
A contribution to a TSA is available as a way to supplement your retirement savings. Contribution limits for 2015 are $18,000 per calendar year with an additional $6,000 if over age 50. Contributions are deducted from your salary automatically; thus, your current taxable income is lowered by the amount of your deferral.

Roth 403 (b)
Roth 403 (b) option to further enhance our supplemental retirement program. Roth 403 (b) contribution and withdrawals are taxed differently than the pre-tax contributions currently available. Much like the Roth IRA, Roth 403 (b) plan contributions are made on an after-tax basis, and allow for tax-free growth and tax-free withdrawals if the distributions are made after the age of 59 ½ and the account has been open for five years. Contribution limits are $18,000 per calendar year with a $6,000 Catch-up contribution for 50 years and older.

Deferred Compensation 457 Plan
The 457 plan contribution limit was raised and you may be able to defer up to $18,000 in a 457 plan with an additional $6,000 if over age 50. Please contact the Human Resources Office at DRI to provide enrollment packets from the following NSHE approved vendors: VOYA.

PAYROLL DEDUCTION PROGRAMS

❖ FLEX SPENDING ACCOUNT: A PRE-TAX REIMBURSEMENT PLAN. DRI offers employees the opportunity to take advantage of Section 125 of the IRS Code, a plan that enables employees to estimate the annual cost of the following non-reimbursable expenses and have them deducted from their gross pay before taxes: physician, hospital and medication co-pays, dependent care and day care expenses. Section 125 may also be used to pay supplemental insurance premiums with pre-tax dollars.

❖ HEALTH SAVINGS ACCOUNT (HSA): Participants may use a HSA to pay certain qualifying health care expenses directly. To qualify for the HSA you must be enrolled in the CD PPO HDHP. The employee may contribute pre-tax dollars to the account. The account may earn interest and investment options may be available once the account balance reaches a certain limit. Unused dollars in the account carry over from year to year. The accounts are portable; should the employee leave employment or change to a non-qualifying health plan in future years, the HSA remains with the individual.

❖ HEALTH REIMBURSEMENT ARRANGEMENT: The PPO-Health Reimbursement Arrangement (HRA) is an employer-owned account that PEBP will establish on behalf of eligible participants (for Pre-Medicare Retirees, Certain Active Employees). No employee contributions can be made to the account. If the PPO-HRA terminates employment, declines coverage or passes away, the remaining balances are returned to PEBP.

❖ TAX-SHELTERED ANNUITIES OR VOLUNTARY RETIREMENT PLAN. For employees who want to use automatic payroll deductions to tax defer additional savings/investments (up to their maximum exclusionary allowance) they may do so through the same investment/financial firms approved by NSHE for the mandated retirement plan.

❖ INTEREST-FREE COMPUTER LOANS. Employees may apply for an interest-free computer loan of $2,500 and make monthly payments through the payroll deduction plan. Contact Financial Services for more information.

❖ DIRECT DEPOSIT FOR EMPLOYEE REIMBURSEMENTS. This benefit will allow reimbursement of employee travel claims and other employee reimbursement claims electronically transferred to a personal financial account. Contact Financial Services for the direct deposit form and additional information.
