## SCIENCE DISTILLED: FROM RESEARCH TO REAL LIFE

**Date:** Wednesday, Oct. 24 | **Time:** Doors open at 7:00pm, presentation at 7:30pm

**Location:** Patagonia Outlet, 130 S. Center Street, Reno | **Ages:** 21+ (I.D. required)

**Tickets:** \$10 members/\$15 nonmembers at [sciencedistilled.org](http://sciencedistilled.org) or at the door

Can good science really lead to practical stewardship of the land? How can we inspire sustainable practices among diverse stakeholders? This event's speakers use rigorous methods to produce real-world solutions. They will share their unique approaches to the actionable science that drives sustainable land stewardship, and they'll suggest the ways that their knowledge can guide us toward resilient practices.

*Science Distilled, a lecture series created by Desert Research Institute and The Discovery, makes cutting-edge science approachable through presentations on current and curious topics held at hip locations in a social atmosphere.*
